

2014 **TURASAN** BOĞAZKERE

Turkey has over 800 native grapes that have been cultivated for over 7,000 years, and Boğazkere is one of the new favorites! It's robust and dark, brooding with plummy aromas. Expect blackberry, mulberry and black cherry flavors, with ample body, but balanced and structured. Big enough to stand up to anything of the grill you want to throw at it!
