

2014 **TURASAN** EMIR

This wine is made from the rare Turkish varietal called Emir, and wine pros are all abuzz about it's potential. Grown only in the high altitude, volcanic soils of Cappadocia, it has a nervous drive of acidity beautifully intertwined with opulent fruit. Minerally, yet rich, this is a wine that you simply **MUST** try! It's great with seafood, chicken or grilled veggies.
